**Metasploit** David Kennedy 2011-07-15 The Metasploit Framework makes discovering, exploiting, and sharing vulnerabilities quick and relatively painless. But while Metasploit is used by security professionals everywhere, the tool can be hard to grasp for first-time users.

Metasploit: The Penetration Tester's Guide fills this gap by teaching you how to harness the Framework and interact with the vibrant community of Metasploit contributors. Once you've built your foundation for penetration testing, you'll learn the Framework's conventions, interfaces, and module system as you launch simulated attacks. You'll move on to advanced penetration testing techniques, including network reconnaissance and enumeration, client-side attacks, wireless attacks, and targeted social-engineering attacks. Learn how to: -Find and exploit unmaintained, misconfigured, and unpatched systems -Perform reconnaissance and find valuable information about your target -Bypass anti-virus technologies and circumvent security controls -Integrate Nmap, NeXpose, and Nessus with Metasploit to automate discovery -Use the Meterpreter shell to launch further attacks from inside the network -Harness standalone Metasploit utilities, third-party tools, and plug-ins -Learn how to write your own Meterpreter post exploitation modules and scripts You'll even touch on exploit discovery for zero-day research, write

a fuzzer, port existing exploits into the Framework, and learn how to cover your tracks. Whether your goal is to secure your own networks or to put someone else's to the test, Metasploit: The Penetration Tester's Guide will take you there and beyond.

[The Illustrated Guide To Threesome Sexual Positions: How To Take Sex To The Next Level](#) C. W. Pollard 2012-01-29 First of all, in the right situation, threesomes can be a lot of fun. There is an air of play that manifests itself in a threesome that does not necessarily appear when a

couple is making love. There is a lot of sexual exploration and usually a lot of laughing and giggling in a threesome. Threesomes also have a way of capturing our imaginations and our fantasies as well. A man will fantasize about being with two women. A woman will fantasize about what it is like to be with two men. Both sexes fantasize about what it is like to be with a partner from each gender at the same time. If you have had a threesome you probably had fun. If you haven't you are most likely curious. Either way, whoever you are, there is a good chance that a threesome is somewhere in your fantasy wishes. This book was designed for both people who are new to threesomes and people who are experienced. Inside you will find detailed information concerning many threesome sexual positions. Some may be familiar, however, many may never have crossed your mind. The author has compiled this work in the hopes that you can experience them all as you explore this more tantalizing and seductive realm of human sexuality. With this book, you will certainly have fun doing so!

First we will discuss some simple games you can play with another couple. These games are designed to help you get to know each other better while simultaneously getting everyone hot and bothered. If you are thinking about a swinging party with more than two couples, we have games for that as well! All the games are designed with fun in mind, but will escalate your evening to a sex filled adventure in no time flat. I have even included ice breakers that can be played before the sex games start. The ice breakers are also meant to point everyone in the direction of the bedroom, with "In touch" being the most pointed, especially the dark finale. Maybe the thought of having sex with multiple partners turns you on but blanks out your mind. Cannot imagine how three or four or six people could all have sex together? I've compiled a list of sexual positions that range from three to many. Have fun experimenting and finding positions of your own. For those of you who have been involved in the lifestyle and wish to start your own swingers club, or throw successful swingers parties, we will cover those topics as well. You will be happy to find that we have a list of themes as well as contests you can use for your party or event. If hosting a party or starting a club sounds like too much work, we have included ways in which you can find people to play with. There is a detailed section, which contains the commonly used acronyms, etiquette, and the dos and don'ts of putting out ads for swingers or a third. We have even included a chapter about apps for swingers if you want to find others using your iPhone or Android phone or tablet. Perhaps you want to get away from it all and still be able to play with others. If that is the case, check out the chapter on swingers' vacations to learn more about what goes on during a swingers' vacation and to find out how to book your own swingers' vacation. You will learn what to bring with you and how to behave whilst vacationing. Maybe the thought of having your very own playroom is appealing. Perhaps you are going to invite a large group of swingers to your home for an out of this world party and you want to make sure you have a playroom available. But what do you put in such a room? How is it set up? Should you have rules for the room? Should you have more than one? If that is what you are looking for, read the chapter on building a complete and comprehensive playroom for you and your guests' enjoyment. This guide will give you ideas and information on deeper and more fulfilling involvement and knowledge which will bring you and your partner closer together and can lead to a more fulfilling and exciting time with your new lifestyle friends. After reading this book you will be more than ready to go out and have fun. You will have so many games to play and theme ideas to pursue that you will find you're busier than ever before. **Submissive's Guide To BDSM Vol. 3** Matthew Larocco 2016-08-01 One thing we can all agree on in our "safe, sane and consensual" lifestyle is that punishment must feel good. Pain must ultimately be pleasurable. And any sort of masochism or sadism must work in the context of pleasing the sub. In BDSM culture, it seems relatively easy to get the hang of the attitude, the behavior and the words. But in terms of logistics, as in how to properly discipline or punish a sub, things do get a bit more complicated. And that's why we're devoting this entire book on how to play right and how to punish the sub so that she likes it, rather than the Dom abusing her and violating trust—the ultimate sin in the game of discipline. We're also going to cover some of the more "fringe" topics of BDSM, including health risks, extreme pain, unique psychological states and how you as a sub can protect yourself. This will be of crucial interest to you as a sub or switch or Dom, since it's best to understand the logistics and motivations of both roles before you fully submit. You may also discover that as you take precautions and grow in knowledge, more extreme practices may appeal to you. At the very least, you will always know what a Dom means by some of these code words and what they imply sexually or in punishment. It's always a good idea to stay informed and never take chances—never assume anything! Because in BDSM, assuming anything of your Dom can be a big mistake. To get truly healthy and pleasurable BDSM experience, these are the topics you surely don't want to miss!

*The Hacker Playbook* Peter Kim 2014 Just as a professional athlete doesn't show up without a solid game plan, ethical hackers, IT professionals, and security researchers should not be unprepared, either. The Hacker Playbook provides them their own game plans. Written by a longtime security professional and CEO of Secure Planet, LLC, this step-by-step guide to the "game" of penetration hacking features hands-on examples and helpful advice from the top of the field. Through a series of football-style "plays," this straightforward guide gets to the root of many of the roadblocks people may face while penetration testing—including attacking different types of networks, pivoting through security controls, and evading antivirus software. From "Pregame" research to "The Drive" and "The Lateral Pass," the practical plays listed can be read in order or referenced as needed. Either way, the valuable advice within will put you in the mindset of a penetration tester of a Fortune 500 company, regardless of your career or level of experience. Whether you're downing energy drinks while desperately looking for an exploit, or preparing for an exciting new job in IT security, this guide is an essential part of any ethical hacker's library—so there's no reason not to get in the game.

Swinging For Couples Vol. 2 Natalie Robinson 2015-05-01 This is the intermediate level guide and the continuation from the first book: "Swinging For Couples Vol. 1: Beginner's Guide To The Swinging Lifestyle - 25 Things You Must Know Before Becoming A Swinger." In this book, we will cover the more advanced parts of swinging. Swinging is about trust, and trust is won through careful attention to rules, paying attention to boundaries, and not causing drama. It is important to understand that swinging is not about having sex with anyone you feel like having sex with. It is not about cheating on your spouse or partner. It is, as I said, primarily about trust. Swinging brought back that feeling couples had when they were first with their spouse or partner, that excitement and anticipation they felt during the first date. One aspect of swinging that most people may find hard to believe is that seeing other people interested in and desiring your partner can actually make you desire them more. There is, of course, nervousness during your first few swaps. The idea of swinging is an exciting one, but it can also be extremely nerve-racking. Even if you have already discovered a club you and your partner want to be a part of, or a couple you and your partner are going to swing with, there is still a lot to learn about the swinging lifestyle. In this guide, you'll learn the importance of your reputation, of hygiene and ethics to those in the swinging world, how to host the other couple at your own venue, how to swing discreetly, how to play rough but safe, and you will also get a peek at some of the different fetishes you may or may not come across during your journey. Here are some of the things you will discover in "Swinging For Couples Vol. 2:" - Importance of reputation within the swinging world... - Practicing good hygiene... - Practicing good ethics within the swinging world... (both public and private) - Hosting the other couple and being gracious guests... - Swinging discreetly - how to swing without ruining your career and social reputation... - WARNING: 3 things you should never do when it comes to swinging - Play rough but play safe - how to take it to the edge without taking it too far. - Exploring different fetishes within the world of swinging - And much more...
