Grooming your dog regularly offers clues to her health: It nips potential health problems, like allergies, poor nutrition, parasites, or diseases, in the bud--or at least gives you some early warning about them. Grooming also makes your dog (and you) comfortable socializing whilst also stopping the spread of dirt, fleas, and germs. You can conveniently groom your dog in the comfort of your home. But perhaps the biggest benefit to grooming your dog yourself is strengthening your bond with them. *DIY Dog Grooming, From Puppy Cuts to Best in Show* by Jorge Bendersky, and foreword by Cesar Milan, will show you how to take the best care of your dog, regardless of breed, temperament, or age. Dog Grooming Simplified Jodi Murphy 2014-08-15 Jodi has been well respected as an educator in the grooming industry for many years. She is one of the top pet stylists in the world winning multiple titles included World Grand Champion and Best American Groomer. She is here to share her knowledge in this extraordinary book. With over 190 breeds recognized by the American Kennel Club along with individual breed-specific grooming instructions, it can become very overwhelming for new groomers to retain the information. Straight to the Point is the solution to learning about pattern lines, which simplifies the learning process. Whether the patterns are set tight or left more natural, the patterns are set in the same fashion. Once a groomer understands basic patterns he or she will be able to groom any breed with ease. The dogs pictured in this book are top winning show dogs presenting the correct profile according to their breed standards. Jodi chose to illustrate this way for several reasons. First, a show dog presents an excellent representation of the breed and how it should be groomed per the breed standard. Second, the reader will be able to see the realistic depth and dimensions of the coat. Last, it will give the reader a vision of the pattern in a realistic view and will be a great reference source when grooming each breed. Once the groomer understands correct pattern placement, it can easily be applied to pet trims. A pet dog does not have to be groomed using show techniques, i.e., hand stripping, to present the proper breed profile. With proper pattern placement and techniques described in this text, the groomer will be able to present a well-balanced, well-blended pet trim to the pet owner.

DIY Dog Grooming McGrath Patricia Rvt VD 2020-08-24 Grooming a dog means keeping them clean, which we can all appreciate, but it also means keeping them healthier. A groomed dog has less of a chance of skin irritations or infections, and as you groom, you can check your pet for any possible issues. Dog grooming refers to both the hygienic care and cleaning of a dog, as well as a process by which a dog's physical appearance is enhanced for showing or other types of competition. A dog groomer (or simply "groomer") is a person who earns their living grooming dogs. Whether fuzzy or sleek, your dog's coat requires special care in order to stay in the best condition possible. If you find yourself lacking the time, money, or ability to take your dog to the groomer, knowing how to care for their coat at home is important. OR If you're tired of shelling out dollars for a groomer to give your dog a bath and a trim, and are considering the DIY route, first get informed about what your specific dog will need. Grooming and trimming your dog is important for more than just fashion purposes. Many dogs require seasonal or routine grooming to prevent matting or to help cut down on shedding. And while you can always nip down to the local groomer, many dog parents choose to take the clippers into their own hands. DIY dog grooming can get tricky if you aren't prepared for the task or if you don't know how to properly groom your dog. Here you'll find a plethora of information to start safely grooming your pooch.

Blow in the direction that the coat grows and brush in the same direction. This system would never be used on a poodle or breeds that need specialist treatment. It would make the coat crinkle and be hard to trim into shape. Instead you would separate each piece of hair as a hairdresser would do and blow into shape over a brush. Breeds that need a flat appearance like English Setters or Golden Retrievers should be brushed into shape

as they dry. Short or smooth coated breeds are suitable for cage dryers or even toweled and kept in a warm room." Buy Now & Become Dog Grooming Expert Today!
