Metaphysical Daily-Hourly Planetary Guide DeEtta L. Boyce 1992-10-01
Aspects in Astrology Sue Tompkins 2002-09-01
Illustrates how aspects can offer a profound depiction of an individual and his or her destiny.
• Contains comprehensive sections full of interpretations for every planetary combination.
• Concepts are explained through the use of actual birth charts and diagrams. • A core textbook at the Faculty of Astrological Studies in

London. Aspects are an essential piece of the astrological puzzle when it comes to interpreting and using the information that astrology can give us. It is not enough to know the placement of the planets on the horoscope. It is the relationships between the stars and planets that let us grasp the destiny of the individual.

Aspects describe the drama of our lives--the complex configurations that influence what will happen to us over time. Sue Tompkins, a fellow of the Faculty of Astrological Studies in London, shows how to interpret aspects when doing daily astrological readings. She uses the lives of real people to plot the aspects and offers examples of every possible planetary combination. Detailing the influence of oppositions, trines and elemental trines, and cardinal, mutable, and fixed crosses, Tompkins shows how aspects provide the energy in the chart that transforms the horoscope into something symbolizing an alive and vital human being. With *Aspects in Astrology*, Tompkins provides both the novice

and the experienced astrologer the evidence and concrete methods needed to grasp the vast knowledge offered to us by our horoscope.

The Astrological Guide to Oneness Rollin Shaw 2008-03 The Astrological Guide to Oneness will allow you to see the grand picture more clearly and will give you a tool to finding that state of Oneness and balance within yourself and with others. Astrologer and philosopher, Rollin Shaw, brings us a new perspective of how to integrate all of life from an ancient Mandala and mystical practice into a new psychological form that can give more understanding and answers to what is happening in our lives. This teaching tool can enrich us with its unique approach to learning about ourselves. It allows us to relax into the cycles of life and the process that all of us have to go through in order to walk our true path, no matter how challenging it might seem at times. There are rhythmic reasons for all that happens, and with more understanding, we can be more

positive co-creators of our lives within all our relationships. This book also makes the planets, signs, and houses of the chart an integral part of our daily lives. Planets exude their energy. Signs bring their personalities. Houses are the fields of experience. They form the play of life as they are woven together.

Astrological Transits April Elliott Kent

2015-08-15 Your birth chart is a snapshot of the sky taken at the moment and place of your birth, one that reflects your character, personality, strengths, and challenges. But the moment after that picture was taken, the planets moved on—some quickly, some very slowly. Astrologers call the moving planets "transits," and by comparing their movements to your birth chart you can gain a complete view of how best to prepare for challenges, meet opportunities, and stay grounded in a constantly-changing world. In *Astrological Transits*, astrologer April Elliott Kent will guide you through the best ways to

make the most of your birth chart. Learn how to make the most of good transits and harness and transform the energy of "bad" ones. You'll also understand planetary cycles and anticipate your own transits. Finally, you'll know how to read planetary return charts, work with planetary retrogrades, and use eclipses to recognize major patterns and turning points in your life. If you are comfortable reading a birth chart, you are ready to move your chart into the future using transits. Instructions, tables, and worksheets will make tracking your transit cycles simple and exciting!
