*The Unofficial Guide to Making Money on eBay*  
Lynn Dralle 2006-04-13 The inside scoop...for when you want more than the official line! More than 430,000 people run full- or part-time businesses on eBay. Whether you want to

become a PowerSeller yourself, supplement an established bricks-and-mortar business, or just make some extra money by cleaning out your garage and attic, this guide will help you get your merchandise going?going?gone! It tells you how to do everything from opening your seller's

account and listing your items to collecting the payments. Chockfull of tips, techniques, and expert advice from "The Queen of Auctions," Lynn Dralle, it includes: Vital Information for maximizing your sales, including the top ten eBay categories Insider Secrets on acquiring merchandise, creating effective listings, earning positive feedback, and more Money-Saving Techniques, including the best ways to ship various types of merchandise Money-Making Techniques, such as selling collectibles individually rather than as a set Time-Saving Tips, such as setting up efficient areas for staging, storage, and shipping The Scoop on the latest trends, including Buy It Now sales and eBay drop-off stores

*A Guide Book of Barber Silver Coins 2nd Edition*  
Q. David Bowers 2018-10-09 ds his expertise providing insightful study, rich historical background, and detailed data analysis. Bowers the "Dean of American Numismatics" and the most published numismatic author of all

timelays out everything you need to know to be a smart collector: how to evaluate quality, determine value, understand the market, and make good purchases. You'll learn the backstage goingson that led to the coins' creation, why they barely made a splash when first issued, and why they weren't mourned when they passed into history. In recent years the scene has changed Barber's silver coinage is among the more popular of U.S. series, with many enthusiastic collectors and students. Bowers provides a wealth of information on each issue: mintages, existing populations, grading standards, values, auction records, keys to collecting, and more. Hundreds of full-color images, thoughtful study, and Bowers's engaging narrative make this book a treat for anyone interested in our nation's Gilded Age and Progressive Era.

informative book gives dates, condition, measurements, and current collector values. People, animals, foods, vehicles, and so much more are depicted in over 1,000 vivid photos that reveal the brilliant colors and glazes. 1997 values.

### **2021 Lincoln Cent Error Searching Guide**

Stan C McDonald 2020-11-21 The only Lincoln cent error guide with actual search results for 100,000 coins. Coins are in circulation of value; although you may not get rich, you can still profit from every roll search. There are thousands of varieties, die, planchet, and striking errors in circulation. With correct tools, searching is made easy to identify valuable error coins. The book provides coin details, coin measurements, photographs of error coins, detailed descriptions, and much more.

### **2012 US Coin Guide History Grading and Coin Values Based Upon Completed Auctions**

Stan McDonald 2011-12-07 For over 40 years, the author has been collecting, buying,

and selling US coins for personal and for collectors desiring to either sell their collections or to purchase coins. The writer has provided free of charge appraisals and advice for collectors that have sought advice. The only US Coin guide that presents coin values based upon extensive research from past auctions on eBay and from premier auction companies. Coin books such as the "Red" book and the "Blue" book offered by Yeoman are publications used by coin dealers to base buying and selling coins to the general public. This guide has been designed to reveal the coin prices that a collector can obtain at live auctions, between collectors, and on eBay when selling coins. In this book there is a history of each US coin, the most widely accepted grading standards of ANA, and coin values. Presented in this guide are detailed photographs of each US coin listed. We guarantee that the coin values listed in this book will generate at auction the prices listed. By popular demand we have also provided a coin guide for 2012 US

Coins Buying and Selling on eBay, and a 2012 US Coin Guide of error coins authenticated by reviewing thousands of completed auctions for all known error coins. In our error book, only the hundreds of coins that have been encapsulated by PCGS, NGC, and ANACS are listed since these errors are authenticated. We encourage the buyers of these guides to contact us so that we can make our guides better and more informative. Contact us at [contactsmc@yahoo.com](mailto:contactsmc@yahoo.com).

U. S. Coins of Value Norman Stack 1986-12-01

The definitive up-to-the-minute coin guide.

Written by America's foremost coin authority, the book covers every coin ever minted in the United States and features a glossary of coin terms, tips on coin care and expert advice on how to spot, buy or sell rare coins. Photos.

*Lincoln Cent Error Coin Guide 2023* Stan C

McDonald 2022-05-29 Welcome to the 2023

Lincoln Cent Error Coin Guide - Color Edition.

No other coin series has as many errors as the

Lincoln cent series. This book is essential for collectors looking for errors for fun and profit, as it contains thousands of errors, including hundreds of RPMs and doubled dies. There are no other coin guides with over 1,000 error listings and thousands of line items presenting the values gathered from hundreds of auctions over 15 years. There are three major error categories: striking, planchet, and die errors. Planchet errors include those with defects, incorrect alloy, and transitional errors. Striking errors include all errors created in the minting process. Die errors are the result of creating and reworking dies. Included in this guide is a listing of all error coins with photos and descriptions. A chapter is dedicated to Lincoln cent RPM and doubled die errors since 1909. No other guide has a glossary of numismatic terms as extensive and validated by PCGS, NGC, ANACS, and other numismatic organizations. There are eight double-die classifications, some of which are not easy to detect without knowledge of the error

type. An appendix is provided with the classifications, descriptions, and photos. The author has over 60 years of collecting experience, long before the grading services recognized error coins.

**Newbie Guide to Finding Valuable Coins in Pocket Change! Man Finds \$126,500 Penny in His Pocket** Sam Sommer 2018-01-23 What If A Coin In Your Pocket Was Worth Millions! How Would You Know? One Lucky Person Did Find One Because He Knew What To Look For You Do Not Need Any Coin Experience To Make This Work - I Will Show You How Would An Extra 2-3 Hundred \$\$\$ A Month Help You? - I Make That Easily Just Finding Silver While Watching TV!!! I Have Been Using This System For Over 30 Years and Have Founds Thousands In Silver This information has great appeal to coin collectors, anyone looking for a pastime or hobby, anyone looking to teach their children or grand kids about coins. It also appeals to anyone looking to make extra income from home working only a

few hours each week. Northern Song Dynasty Cash Variety Guide 2016 Norman F. Gorny 2012-04-17 This catalog is the key to studying, understanding, and collecting Northern Song dynasty Chinese cash. It enables the collector to reference and build a collection intelligently. It can lead to new discoveries. It encourages numismatic interest in East A **A Guide to the English Medals Exhibited in the King's Library** Herbert A. Grueber 2017-07-18 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many

thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original,

and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Silver Coin Pricing Guide, 1800-2000 Donald Owen Case 2011-09-09 This is a guide for people who buy and sell silver coins-on eBay, on other Internet websites, at coin shows or coin stores, or elsewhere. It is intended for those who buy or sell coins based on their investment value, rather than their design or scarcity. This book displays the bullion value of silver coins for every world nation and year of origin between 1800 and 2000. An alphabetical listings of countries and denominations (and sometimes a

simple addition), shows the base value of any common silver coin. This is vital information, because many current coin guides have not recalculated bullion values, and continue to estimate coin value based on silver prices from a time when it was worth only a fraction of today's value.

*Snipers, Shills, and Sharks* Ken Steiglitz

2021-08-10 Every day on eBay, millions of

people buy and sell a vast array of goods, from rare collectibles and antiques to used cars and celebrity memorabilia. The internet auction site is remarkably easy to use, which accounts in part for its huge popularity. But how does eBay really work, and how does it compare to other kinds of auctions? These are questions that led Ken Steiglitz--computer scientist, collector of ancient coins, and a regular eBay user--to examine the site through the revealing lens of auction theory. The result is this book, in which Steiglitz shows us how human behaviors in open markets like eBay can be substantially more complex than those predicted by standard economic theory. In these pages we meet the sniper who outbids you in an auction's closing seconds, the early bidder who treats eBay as if it were an old-fashioned outcry auction, the shill who bids in league with the seller to artificially inflate the price--and other characters as well. Steiglitz guides readers through the fascinating history of auctions, how they functioned in the

past and how they work today in online venues like eBay. Drawing on cutting-edge economics as well as his own stories from eBay, he reveals practical auction strategies and introduces readers to the fundamentals of auction theory and the mathematics behind eBay. Complete with exercises and a detailed appendix, this book is a must for sophisticated users of online auctions, and essential reading for students seeking an accessible introduction to the study of auction theory.

The Expert's Guide to Collecting & Investing in Rare Coins Q. David Bowers 2005 "You will learn how to get started, how to compare prices and values, important factors to focus on (such as grading and rarity), and more. Dave Bowers ... shares insight ... [on] how to be a smart auction bidder (including online); how to be a smart seller when the time comes; how to protect your investment"--Dust jacket.

**Coin Finds in Britain** Michael Cuddeford

2013-04-23 The purpose of this book is to provide the reader with an overview of the types of coins commonly found in the soil of Britain.

Coin finds occur with surprising regularity and are commonly uncovered by gardeners and building workers, but more often by archaeologists and metal detector users.

Although there are numerous catalogues available for reference, these tend to be quite expensive and also very detailed, listing

numerous coins that, while familiar to collectors, rarely if ever find their way into the ground as casual losses. The aim of this book is to provide a 'one-stop shop' for the entire range of coins, tokens and counters most commonly found in Britain and to serve as a point of first reference for academics, collectors, metal detector users and history students alike. TOC: Britain's Buried Coinage / Iron Age Coins / Roman Coins / Medieval Coins / Early Post-medieval Coins / Later Coins / Recording Coin Finds / Further Reading / Index

*2014 Buying and Selling Coins on Ebay* S.

McDonald 2013-12-01 In 2013 eBay has changed the pricing structure for posting and selling coins.
