How to Build Period Correct Hot Rods Gerry Burger 2011 Vintage, retro, or classic hot rods have been an enduring element of the hot rod hobby. These vintage roadsters, sedans, and coups have become very popular because they are the bedrock of the hot rodding culture. However, many rodders have built a rod dedicated to a particular decade, era, region, flavor, or style, but these have lacked all the period correct details, and it's crucial to get all the details (ie parts) right. If some parts are not of the complementary or the package does not faithfully replicate a particular style or era, the theme of the hot rod can be ruined. Hot rod veteran Gerry Burger explains how to identify, buy, or build the parts to create a faithful period

correct hot rod car that you will be proud of and will gain the respect from others in the hobby. The book showcases all the parts that make a faithful and consistent hot rod of a certain era, flavor, or style. The book covers 50s and 60s style, both East Coast and West Coast. It details the wide range of stock parts and popular high-performance parts from a particular era. He discusses when they were first produced and when they were in popular use. Once you decide on the theme and time period for your hot rod build, Burger discusses how to choose the period correct engine for your chassis, valve covers, intakes, and carbs that also match the period from Edelbrock, Offenhauser, and others. Similar chapters also cover, interiors, wheels and tires, frames, suspension, and all other components. When it comes to putting together all the pieces to create an attractive, accurate, and fun hot rod from the 50s, 60s, and 70s, no other book is a better guide than *How to Build Period Correct Hot Rods*.

German Medieval Armies 1300-1500

Christopher Gravett 1985-11-28 The German rulers were forceful and powerful men, and, surrounded by potential enemies, circumstances dictated the necessity of rule by strength based on military capacity. In the later 15th Century, three houses rose above the others; the families of Wittelsbach, Luxemburg and the powerful Austrian Hapsburgs. The struggles of these and other houses, and of the knights and towns, were to be a feature of German history throughout the Middle Ages. This title details the dress, weapons, heraldry and insignia of these prolific forces, as well as various battles, such as the Battle of Goellheim of 1298.
