Achtung-Panzer! Heinz Guderian 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern

English historian Paul Harris.

The Substance of Style Virginia Postrel 2009-03-17 Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing

how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, *The Substance of Style* is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.

The Wheat Rusts — Breeding for Resistance

Douglas R. Knott 2012-12-06 The idea for this book was conceived by the late Dr. Irvine A. Watson of the University of Sydney, and he developed the first outline. I was then invited by Dr. Watson to share in its writing. Unfortunately, shortly there after, recurring heart problems forced him to curtail his activities and with draw from the project. He died before the book could be completed. Dr. Watson's intention was to produce a very practical book that would provide wheat breeders with all of the information necessary to breed success fully for resistance to the three wheat rusts: leaf rust, stem rust, and yellow rust. It was intended to be very specific in describing procedures to be used and at the same time provide all of the necessary theoretical background. I hope that I have been successful in meeting these objectives. The book assumes that the reader has some knowledge of plant pathology, genetics, and plant breeding. Extensive use has been made of the literature, but it was not possible to cite all of the papers

on a given topic. In making a choice, an attempt was made to choose key papers or more recent papers that provided references to the earlier literature. Acknowledgements This book was written partly at the University of Saskatchewan and partly at the University of California, Davis, while I was on a sabbatical leave.

Hanging with My Peeps Kathryn Higgs-Coulthard 2016-03-31 Before Dad's rust-bucket lurched into the driveway with forty-three chickens in the back, the closest Sami Duggan had ever come to poultry was licking the grease off her fingers at the local KFC. Now Sami better think quick before her whole life is turned upside down by Dad's latest get rich quick scheme.

Fire in the Ashes Jonathan Kozol 2013-09-03 In this powerful and culminating work about a group of inner-city children he has known for many years, Jonathan Kozol returns to the scene of his previous prize-winning books, and to the children he has vividly portrayed, to share with us their fascinating journeys and unexpected victories as they grow into adulthood. For nearly fifty years, Jonathan has pricked the conscience of his readers by laying bare the savage inequalities inflicted upon children for no reason but the accident of being born to poverty within a wealthy nation. But never has his intimate acquaintance with his subjects been more apparent, or more stirring, than in *Fire in the Ashes*, as Jonathan tells the stories of young men and women who have come of age in one of the most destitute communities of the United States. Some of them never do recover from the battering they undergo in their early years, but

many more battle back with fierce and often jubilant determination to overcome the formidable obstacles they face. As we watch these glorious children grow into the fullness of a healthy and contributive maturity, they ignite a flame of hope, not only for themselves but also for our society.

The End of Chiraq Javon Johnson 2018-05-15 The End of Chiraq: A Literary Mixtape is a

collection of poems, rap lyrics, short stories, essays, interviews, and artwork about Chicago, the city that came to be known as "Chiraq" ("Chicago" + "Iraq"), and the people who live in its vibrant and occasionally violent neighborhoods. Tuned to the work of Chicago's youth, especially the emerging artists and activists surrounding Young Chicago Authors, this literary mixtape unpacks the meanings of "Chiraq" as both a vexed term and a space of possibility. "Chiraq" has come to connote the violence—interpersonal and structural—that many Chicago youth regularly experience. But the contributors to *The End of Chiraq* show that Chicago is much more than Chiraq. Instead, they demonstrate how young people are thinking and mobilizing, engaged in a process of creating a new and safer world for themselves, their communities, and their city. In true mixtape fashion, the book is an exercise in "low end theory" that does not just include so-called underground and marginal voices, but

foregrounds them. Edited by award-winning poets, writers, and teachers Javon Johnson and Kevin Coval, *The End of Chiraq* addresses head-on the troublesome relationship between Chicago and Chiraq and envisions a future in which both might be transformed.
