An illuminating collection of work by members of  
the Religious Society of Friends. Covering nearly

three centuries of religious development, this  
comprehensive anthology brings together  
writings from prominent Friends that illustrate  
the development of Quakerism, show the nature  
of Quaker spiritual life, discuss Quaker  
contributions to European and American  
civilization, and introduce the diverse  
community of Friends, some of whom are little

remembered even among Quakers today. It gives a balanced overview of Quaker history, spanning the globe from its origins to missionary work, and explores daily life, beliefs, perspectives, movements within the community, and activism throughout the world. It is an exceptional contribution to contemporary understanding of religious thought.
