Captive Genders Eric A. Stanley 2015-10-05 A Lambda Literary Award finalist, *Captive Genders* is a powerful tool against the prison industrial complex and for queer liberation. This expanded edition contains four new essays, including a foreword by CeCe McDonald and a new essay by Chelsea Manning. Eric Stanley is a postdoctoral fellow at UCSD. His writings appear in *Social Text*, *American Quarterly*, and *Women and Performance*, as well as various collections. Nat Smith works with *Critical Resistance* and the *Trans/Variant and Intersex Justice Project*. CeCe McDonald was unjustly incarcerated after fatally stabbing a transphobic attacker in 2011. She was released in 2014 after serving nineteen months for second-degree manslaughter.

Washington Bullets Vijay Prashad 2020-09-22 Engaging stories in the form of Marxist journalism about US imperialism Washington Bullets is written in the best traditions of Marxist journalism and history-writing. It is a book of fluent and readable stories, full of detail about US imperialism, but never letting the minutiae obscure the larger political point. It is a book that could easily have been a song of despair—a lament of lost causes; it is, after all, a roll call of butchers and assassins; of plots against people's movements and governments; of the assassinations of socialists, Marxists, communists all over the Third World by the country where liberty is a statue. Despite all this, Washington Bullets is a book about possibilities, about hope, about genuine heroes. One such is Thomas Sankara of Burkina Faso—also assassinated—who said: 'You cannot

carry out fundamental change without a certain amount of madness. In this case, it comes from nonconformity, the courage to turn your back on the old formulas, the courage to invent the future. It took the madmen of yesterday for us to be able to act with extreme clarity today. I want to be one of those madmen. We must dare to invent the future.' Washington Bullets is a book infused with this madness, the madness that dares to invent the future.
