Field Artillery Manual Cannon Gunnery

Department of the Army 2017-08-19 Training Circular (TC) 3-09.81, "Field Artillery Manual Cannon Gunnery," sets forth the doctrine pertaining to the employment of artillery fires. It explains all aspects of the manual cannon gunnery problem and presents a practical application of the science of ballistics. It includes step-by-step instructions for manually solving the gunnery problem which can be applied within the framework of decisive action or unified land operations. It is applicable to any Army personnel at the battalion or battery responsible to delivered field artillery fires. The principal audience for ATP 3-09.42 is all members of the Profession of Arms. This includes field artillery Soldiers and combined arms chain of command field and company grade

officers, middle-grade and senior noncommissioned officers (NCO), and battalion and squadron command groups and staffs. This manual also provides guidance for division and corps leaders and staffs in training for and employment of the BCT in decisive action. This publication may also be used by other Army organizations to assist in their planning for support of battalions. This manual builds on the collective knowledge and experience gained through recent operations, numerous exercises, and the deliberate process of informed reasoning. It is rooted in time-tested principles and fundamentals, while accommodating new technologies and diverse threats to national security.

H.E. Bird Hans Renette 2016-08-26 No chess player of the 19th century had a longer, more varied career than Henry Edward Bird (1829-1908). After pursuing a civil career for years his love for chess prevailed. He belonged to the top level of British players for decades but he really shone at Simpson's Divan. Bird's accessibility, fierce attacking style and contempt for draws made him a people's favorite but his proud and touchy character led him into disputes with his colleagues. A very strong and widely known player, he fell into oblivion after his death. This comprehensive first biography of Bird provides a detailed account of his personal life and a deeply researched coverage of his feats at the chess board. Almost 1,200 games

are included, hundreds of them published here for the first time. Nearly 450 games—many of them thrilling all-out fights—are presented with a mix of contemporary and modern annotations. *Minitab Manual* VUKOV 2002-02-20 Integrates the statistical computing package MINITAB(tm) into an Introductory Statistics course, using Statistics by McClave/Sincich, 9/e.
