White Negroes Lauren Michele Jackson
2019-11-12 Exposes the new generation of whiteness thriving at the expense and borrowed ingenuity of black people—and explores how this intensifies racial inequality. American culture loves blackness. From music and fashion to activism and language, black culture constantly achieves worldwide influence. Yet, when it comes to who is allowed to thrive from black hipness, the pioneers are usually left behind as black aesthetics are converted into mainstream success—and white profit. Weaving together narrative, scholarship, and critique, Lauren Michele Jackson reveals why cultural appropriation—something that’s become embedded in our daily lives—deserves serious attention. It is a blueprint for taking wealth and power, and ultimately exacerbates the economic, political, and social inequity that persists in America. She unravels the racial contradictions lurking behind American culture as we know it—from shapeshifting celebrities and memes gone viral to brazen poets, loveable potheads, and faulty political leaders. An audacious debut, *White Negroes* brilliantly summons a re-interrogation of Norman Mailer’s infamous 1957 essay of a similar name. It also introduces a bold new voice in Jackson. Piercing, curious, and bursting with pop cultural touchstones, *White Negroes* is a dispatch in awe of black creativity everywhere and an urgent call for our thoughtful consumption.

[Historical Noir](#) Barry Forshaw 2018-04-26 It's

one of the most successful - and surprising - of phenomena in the entire crime fiction genre: detectives (and proto-detectives) solving crimes in earlier eras. There is now an army of historical sleuths operating from the mean streets of ancient Rome to the Cold War era of the 1950s. And this astonishingly varied offshoot of the crime genre, as well as keeping bookshop tills ringing, is winning a slew of awards, notably the prestigious CWA Historical Dagger. Barry Forshaw, one of the UK's leading experts on crime fiction, has written a lively, wide-ranging and immensely informed history of the genre, which might be said to have begun in earnest with Ellis Peters crime-solving monk Brother Cadfael in the 1970s and Umberto Eco's *The Name of the Rose* in 1980 (with another monkish detective), but which has now taken readers to virtually every era and locale in the past. As in earlier entries in his *Noir* series, Forshaw has produced the perfect reader's guide to a fascinating field; every major writer is considered, often through a concentration on one or two key books, and exciting new talents are highlighted. 'Historical Noir covers crime novels (and their authors) set in ancient Greece and beyond to the 1950s ... what a splendid, varied bunch Forshaw provides' - *Times* 'A very worthy addition to this great series' - *Crime Squad* Look out for the other books in Barry Forshaw's *Noir* series, *Euro Noir*, *Nordic Noir*, *Brit Noir* and *American Noir*, and for his latest book, *Crime Fiction: A Reader's Guide*.

Booking Hawaii Five-O Karen Rhodes 2011-12-20 On September 26, 1968, *Hawaii Five-O* premiered on CBS. Heartland TV Victoria E. Johnson 2008 Winner of the 2009 Society for Cinema and Media Studies Katherine Singer Kovacs Book Award The Midwest of popular imagination is a "Heartland" characterized by traditional cultural values and mass market dispositions. Whether cast positively —; as authentic, pastoral,

populist, hardworking, and all-American—or negatively—as backward, narrow-minded, unsophisticated, conservative, and out-of-touch—the myth of the Heartland endures. *Heartland TV* examines the centrality of this myth to television's promotion and development, programming and marketing appeals, and public debates over the medium's and its audience's cultural worth. Victoria E. Johnson investigates how the "square" image of the heartland has been ritually recuperated on prime time television, from *The Lawrence Welk Show* in the 1950s, to documentary specials in the 1960s, to *The Mary Tyler Moore Show* in the 1970s, to *Ellen* in the 1990s. She also examines news specials on the Oklahoma City bombing to reveal how that city has been inscribed as the epitome of a timeless, pastoral heartland, and concludes with an analysis of network branding practices and appeals to an imagined "red state" audience. Johnson argues that non-white, queer, and urban culture is consistently erased from depictions of the Midwest in order to reinforce its "reassuring" image as white and straight.

Through analyses of policy, industry discourse, and case studies of specific shows, *Heartland TV* exposes the cultural function of the Midwest as a site of national transference and disavowal with regard to race, sexuality, and citizenship ideals.

Oresund Bridge Jeannine Dahlberg 2010-03 Seth Coleman is a young aspiring architect who has been recognized both nationally and internationally by his peers for his professional accomplishments. He has been invited to speak at Lund University in Sweden on innovative residential designs to accommodate and harness suburban sprawl in large cities, which is of great concern in the Scandinavian countries. A college friend, Fritz Dahl, who lives in Malmo, Sweden is also an architect and is involved in designing a project of great importance to Malmo and

Copenhagen, Denmark. Architects and engineers in the mid-1800s had a vision to connect the two countries by a bridge over the Oresund Strait that spans more than ten miles across water. It wasn't until much later architectural designers from both countries developed a workable solution to accomplish their vision. Blueprints were drawn and urgently required to be patented to protect the companies from being victims of industrial espionage. Fritz engages Seth to help him safely transport certain blueprints from Malmo to Copenhagen, when the plot escalates to an intense violent frenzy as Seth is stalked by corporate pirates. To exacerbate Seth's fear in this dangerous escapade of eluding corporate pirates, he and Rachel had the worst argument of their marriage the evening before he flew to Sweden compounding his stress; and he is most anxious to return to the States to reconcile the marriage.

The fifth in a series focusing on the largely undocumented world of internet TV, this book covers 573 children's series created for viewers 3 to 14. The genre includes a broad range of cartoons, CGI, live-action comedies and puppetry. Alphabetical entries provide websites, dates, casts, credits, episode lists and storylines.

Drive-in Dream Girls Tom Lisanti 2015-05-07 During the 1960s, a bushel of B-movies were produced and aimed at the predominantly teenage drive-in movie audience. At first teens couldn't get enough of the bikini-clad beauties dancing on the beach or being wooed by Elvis Presley, but by 1966 young audiences became more interested in the mini-skirted, go-go boot wearing, independent-minded gals of spy spoofs, hot rod movies and biker flicks. Profiled herein are fifty sexy, young actresses that teenage girls envied and teenage boys desired including Quinn O'Hara, Melody Patterson, Hilarie Thompson, Donna Loren, Pat Priest, Meredith MacRae, Arlene Martel, Cynthia Pepper, and Beverly Washburn. Some like Sue Ane Langdon, Juliet Prowse, Marlyn Mason, and Carole Wells, appeared in major studio productions while others, such as Regina Carrol, Susan Hart, Angeliqye Pettyjohn and Suzie Kaye were relegated to drive-in movies only. Each biography contains a complete filmography. Some also include the actresses' candid comments and anecdotes about their films, the people they worked with, and their feelings about acting. A list of web sites that provide further information is also included.

The British Television Pilot Episodes Research Guide 1936-2015 Christopher Perry 2015-12 A new idea can become an expensive flop for TV executives. So from the earliest days of television, the concept of a pilot episode seemed like a good idea. Trying out new actors; new situations and new concepts before making a series was good economical sense. It was also tax deductible. Sometimes these pilots were shown on television; sometimes they were so awful they were hidden from sight in archives; and sometimes they were excellent one-offs, but a series seemed elusive and never materialised. Chris Perry has always been fascinated by the pilot episode. So many pilots are made annually, but never seen by audiences. Only a handful appear on screen. It's a hidden world of comedy, variety, drama and factual programming. This volume attempts to lift the lid on the world of the TV pilot by revealing the many transmitted and untransmitted episodes made through the decades.
